Clinic Update

October was a very busy month here at BEAU as we welcomed the arrival of our new clinic manager Lydia.

With over 13 years industry experience ranging from treating famous faces in high end medically led clinics, to working with brands such as **Hydrafacial & Obagi Medical** she has a wealth of expertise that many of our clients have already benefited from.

Read on to find out what clients have to say about Lydia or **book in a skin consultation** with her to discuss your concerns and get advice on the best treatments for you.

In this newsletter you will find:

Latest products, featured treatments, latest news and more. Keep Reading!

SOFWAVE EVENT & THE ARRIVAL OF SKINADE

November is an exciting month at Beau Clinic, we are starting the run up to **Christmas** and getting all of our lovely clients Christmas party ready!

We have had this last week our **Sofwave** Event which was a huge success, we had **Charlotte Thomas** the specialist from Sofwave giving a live demonstration of the treatment which is gold standard for lifting and sculpting the face and neck as well as Q&As.

The evening was enjoyed by all, over canapés, bubbles and of course **Skinade** our medical grade, award winning collagen drink. These were kindly given out by **Agostina** who visited from Skinade and educated everyone on the importance of supporting skin treatments from within!

THANKYOU TO EVERYONE THAT CAME

Treatment Spotlight

MICRONEEDLING : SAVE 20%

Microneedling is a revolutionary treatment that provides the very best results for your skin, and aims to tighten, lift and rejuvenate the complexion.

It's primarily used to enhance the look and feel of the skin, improving a range of concerns, including:

- lines and wrinkles
- pigmentation
- sun damage
- mild volume loss
- sagging skin
- enlarged pores
- minor scars
- stretch marks.

Save 20% on your first Microneedling treatment when you book online before the end of November.

Product Spotlight

GF5 GROWTH FACTOR SERUM

Adopted by some of the UK's top skin and aesthetic clinics, GF5 Growth Factor Serum has changed the industry's beliefs in what a single serum can achieve, both in combination with aesthetic treatments such as laser and RF microneedling, and when used alone.

Featuring a high concentration of 5 unique Growth Factors that are bio-identical to the life-giving Growth Factors found in the human placenta. When these Growth Factors are applied directly to the skin, they help to reverse the ageing process and repair existing damage by triggering processes essential for repair.

Other ingredients such as Vitamin B9 support and improve Growth Factor efficacy. Our neuropeptides help to minimise and prevent lines and wrinkles.

Team Spotlight: Courteney

LASER HAIR REMOVAL SPECIALIST

Meet our wonderful Laser & Hair Removal Specialist - Courteney!

Courteney joined us in April from a well known laser clinic chain and brings 5 years' experience along with her.

Courteney's favourite treatment at Beau Clinic is **MicroNeedling** which she has regularly to improve some acne scarring and textural changes on her skin.

Her favourite product is the **Obagi Clenziderm Foaming Cleanser** - she LOVES the way it deeply cleanses the skin, removes any excess oil and leaves it feeling super fresh and clean.

She highly recommends this to anyone who suffers with acne or has oily skin!

Spotlight Review of the month

READ WHAT SACHA SAID ABOUT LYDIA

Lydia was absolutely amazing! She knows her stuff and made me feel completely in capable hands. Lydia has a wealth of skin knowledge and within seconds I felt reassured by her. I have already booked my next appointment in and changed my skin care products. Thank you Lydia you are a super a star!
